

Bendable TarryBoards™

Bendable TarryBoards allow you to position and immobilize small limbs into virtually any position. They feature a bendable aluminum core that can be easily formed to meet patient need.

- Provides comfort for the patient while supporting the I.V. site
- Handy adjustment tab at either end
- Green end threads make identification easy versus other TarryBoards
- Covered in soft spun fabric
- Single Patient Use
- Not made with natural latex rubber (latex-free)
- Made in U.S.A
